**Thomas Moua : Communication: How to Communicate, Lovingly, and Respectfully (Confidence, Social Skills, Influence People, and Listening)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Communication: How to Communicate, Lovingly, and Respectfully (Confidence, Social Skills, Influence People, and Listening):

0 of 0 people found the following review helpful. Not the best but really good  
By Aivaras I am very interested in learning all kinds of social skills and read a lot of books on that matter. Decided to pick this one this time and I really liked it. Nothing extraordinary but really nice guide for a start. Always thought that communication can be verbal or nonverbal but this book made me think that there are more ways of communicating. This book covers all the basic parts like small talk, what to say, body language, positive thinking and so on. Overall I would recommend this book for beginners who needs an introduction on how everything works at first.  
0 of 0 people found the following review helpful. Helpful for improving all types of communication  
By Jen I learned a few things in this book, one of which stood out to me. The book tells you to use the acronym "FORD"; if you are having trouble starting conversations or making small talk. FORD stands for Family, Occupation, Recreation and Dreams. I just might try it! Overall a helpful book to pick up.

(How To Improve Your Communication Skills!) Today only, get this Amazon bestseller for just \$0.99. Regularly priced at \$4.99. Read on your PC, Mac, smart phone, tablet or Kindle device.
